

“A” is for Abilities

God has given each of us abilities. We can choose to offer those abilities to the Lord. First, consider the following questions about your own abilities.

- 1) What do you do for fun? In your spare time?
- 2) What do you do at work, home, or in general, that you do better than most others?
- 3) What part of your current vocation do you love?
- 4) What abilities are you currently try to develop?
- 5) What is something you are a “natural” at? Something that came very easy for you?
- 6) What is something you do very well, but can’t find the time to do anymore?

Then, having thought about your natural abilities, let’s list them and prayerfully consider how God might want to use those abilities for his Kingdom.

What is an ability or talent I have?	How could I use that ability to build up WCC?	How could I use that ability to expand God’s Kingdom and reach people who don’t know God?
